

# **MC3300 Mobile Computer**

**Power your Business with Advanced Android Mobile Computing**

# The Challenge

**WITH THE PHASE OUT OF MICROSOFT'S  
MOBILE OPERATING SYSTEMS,** you need  
a new mobile platform for your business that...

Supports  
your current  
applications  
for easy  
migration.

Provides  
long-term  
support you  
can count on.

Helps  
improve  
productivity  
and  
efficiency.

# The Solution

**Introducing the MC3300, the mobile computer that addresses it all**

The next generation in the highly successful MC3000 Series.

The next generation in business-class Android mobile devices.

**A PLATFORM FOR TODAY AND TOMORROW**

# The MC3300 is part of a complete solution

**GIVE YOUR WORKERS ONE MODERN OS EXPERIENCE ACROSS ALL DEVICE TYPES WITH OUR ANDROID PORTFOLIO**

## Handheld mobile computers

## Wearable mobile computers

## Vehicle mount mobile computers

# SWITCH TO ANDROID WITH THE HANDHELD **mobile computer that gives you more**

More ways to migrate  
your apps

More models

More scanning options

More rugged design

More advanced accessories

More power

**...AND MORE ADVANCED FEATURES THAN ITS COMPETITORS**

# We've added all the right stuff to the highly successful MC3200

## OVER A DOZEN IMPROVEMENTS, INCLUDING...

- 1 Faster chipset, new architecture
- 2 Modern Android OS — launching with Android N (non-GMS and select GMS configurations)
- 3 High visibility 4-inch WVGA display with a capacitive Gorilla Glass touch panel
- 4 New long range SE4850 scan engine in both bricks and gun style devices
- 5 Two user programmable keys — can be programmed to improve work flows and ease of use
- 6 New ergonomic 45 degree brick form factor with 2D scan engine
- 7 Thinner form factor, sleek modern design
- 8 Higher resolution rear camera for proof of condition and other image capture applications
- 9 PowerPrecision+ batteries — enabling more accurate State of Charge and State of Health metrics
- 10 Fast charging capability with new accessories — charges in half the time
- 11 Backwards compatible with many legacy MC3XXX charging accessories for cost-effective upgrades
- 12 Improved drop and tumble specification for an improved rugged design — more uptime, lower TCO

# Key Features

**Maximum input flexibility to easily transition your apps to Android**

# THE PERFECT COMBINATION FOR DATA INPUT

## Keypad support for your apps today

Full physical keyboard provides the same familiar data entry experience your workers have today.

## Touchscreen to modernize your apps tomorrow

The large touchscreen provides more space to display more information and paves the way to migrate your TE app to a touch-based more intuitive application for faster data entry and improved worker productivity.

## MAXIMIZE DATA ENTRY SIMPLICITY WITH A CHOICE OF 3 KEYPADS

Choose the keypad that best matches the type of data your workers need to enter

Numeric  
29-Key

Function/Numeric  
38-Key

Alpha Numeric  
47-Key

# MAXIMUM DISPLAY SIZE AND READABILITY

4 inch display provides more space for easy viewing of all the information workers need to complete a task

Best-in-class readability — high definition screen is easy to read in any lighting condition, even outdoors

Multi-touch support enables familiar interactions such as pinch-and-zoom

**Everything you need to easily migrate  
your Terminal Emulation apps to Android**

## Use Your TE Apps As Is — **RIGHT OUT OF THE BOX**

One of the world's leading terminal emulators, Ivanti Velocity (All-touch TE), is preloaded on every model

Ivanti Velocity is pre-licensed on every gun model — ready to use at no cost

It's your choice — with support for leading TEs, you can choose your TE client

**NO BACKEND  
MODIFICATION REQUIRED**

Velocity

# EASILY MODERNIZE your TE Apps with **All-touch TE**

Pre-loaded on every model

Automates the process of turning green screens into elegant and intuitive touchscreens

Provides a built-in path to migrate to apps that take advantage of the touchscreen

Allows you to leverage the power of Android to improve productivity

MC3300

**Get unparalleled data capture options**

# Fast barcode capture — near and far

## Capture virtually any 1D or 2D barcode...

Be ready for any type of barcode in your facility — today and tomorrow

## ...in virtually any condition

Zebra's superior scanning technology captures barcodes that are dirty, scratched, poorly printed or under shrinkwrap

## ...at practically any distance

Choose the right scanning technology for your business — 1D/2D extreme range scanning or standard 1D or 1D/2D scanning

### CHOOSE FROM 3 SCAN ENGINES

#### **SE4850-ERI** 1D/2D Extended Range

Capture barcodes as close as 3 in./7.62 cm and as far as 70 ft./21.4 m

#### **SE4750-SR** 1D/2D Mid-Range

Capture barcodes as close as 2.1 in./5.3 cm and as far as 14.3 ft./436.9 cm

#### **SE965-SR** 1D Standard Range

Capture barcodes as close as 1.1 in./2.79 cm and as far as 8.3 ft./254.0 cm

# Beyond standard barcode capture

## ...do more with the MC3300

### Capture multiple barcodes with one press of a button

Capture all or specific barcodes on a label with one press of the scan button with SimulScan Multi-Barcode, a Zebra Mobility DNA application.

### Instantly capture and process documents

Capture and instantly send the information on any form to your applications, including barcodes as well as text fields, phone numbers, signatures, checkboxes and more with SimulScan Document Capture, a Mobility DNA application.

### High resolution photos and videos

The 13 MP high resolution camera makes it easy to capture sharp photos for proof of condition for incoming shipments, returns and more.

### NFC-based information

Ready for the technologies of the future.

MC3300

**Doubles as a walkie-talkie...and a PBX handset**

# Instant push-to-talk right out of the box — at no cost

## Workforce Connect PTT Express

**Pre-loaded.** Every MC3300 ships with Workforce Connect PTT (Push to Talk) Express pre-loaded.

**No added cost, period.** There's no additional infrastructure to buy, no licenses to buy — and the software is free

**Secure.** Delivers powerful and secure voice connections over your Wi-Fi network

**Flexible calling options.** Talk to a specific worker, a specific group of workers or all employees with the press of a button

*Your workers will be seamlessly connected, able to faster to boost efficiency and effectiveness — taking productivity and customer service quality to a whole new level.*

# Turn the MC3300 into a fully-featured desk phone

## Workforce Connect Voice

### **No more desk phones**

Eliminates the need to purchase and maintain desk phones

### **Instant soft buttons for supported PBX functions**

Painless creation of soft buttons for supported PBX functions

### **Supports your speed dial and corporate directories**

Adopt your existing speed dial and corporate directories — no need to recreate

MC3300

**Get maximum flexibility, power, durability and comfort**

# Four Models to Meet Different Needs

## Gun/Pistol Grip

All day comfortable and secure grip for the most scan-intensive tasks

## Turret with Rotating Head

Comfortable scanning in a wide variety of hand positions

## Straight Shooter (0 Degree Scan)

Ideal for everyday standard or long range scanning

## Straight Shooter (45 Degree Scan)

Ideal for everyday standard scanning with exceptional ergonomics

# Rugged and Ready for the Challenges of Your Environment

## 5-WAY REINFORCEMENT

**Survives 5 ft./1.5 m drops over the entire operating temperature range**

Survives multiple drops to concrete across the entire operating temperature range

**Survives 1,000 3.2 ft./1 m tumbles**

Our punishing tumble test simulates real-world tumbling that happens after a fall

**Survives subzero and extreme temperatures**

Rated for -4° F/-20° C to 122° F/50° C

**Corning® Gorilla® Glass with air gap for superior touch panel durability**

Fortifies two of the most vulnerable device elements with best-in-class scratch and shatter resistant glass

**IP54 Sealing**  
Protects against dust and spills

# Enterprise Home Screen

**Worried about personal use of your devices?**

**You're in complete control of usage with Enterprise Home Screen.**

You decide  
which applications  
and device  
features workers  
can access

Easy-to-use —  
no developer  
required

Easy to secure —  
prevent overrides  
by tech-savvy  
workers

You control the  
look and feel, from  
text labels to  
backgrounds

# **The most powerful device in its class ...for the best application performance.**

**1.8 GHZ Hexa-core  
64-bit processor**

**...double to triple  
the processing power  
of the competition**

**RAM  
Standard: 2GB  
Premium/Premium Plus: 4GB**

**...8 to 16 times  
more RAM than  
the competition**

**FLASH  
Standard/Premium: 16GB  
Premium Plus: 32GB**

**...32 to 125 times  
more Flash**

# The Fastest Wi-Fi Connections with Fast Roaming

**Support for  
802.11ac/k/r  
provides your  
workers with  
Ethernet quality  
voice and data  
over your  
Wi-Fi WLAN.**

MC3300

**We Built a Better Battery**

# PowerPrecision+ Advanced Battery Technology

Dependable power for every minute of every shift

## 2750 and 5200 mAh standard capacity

Power to last even the longest shifts

## User replaceable

Intuitive design; there's no need to take a device out of service to recharge the battery

## Extensive battery metrics

Makes it easy to spot and retire aging batteries that can no longer hold a full charge

## Complete solution

Battery management software to easily view battery metrics

## Warm swap mode

Swap batteries without a reboot

## Fast charging support

Zero to 90% charge in 2.5 hours

**SWAP  
BATTERIES  
WITHOUT  
REBOOTING**

**UP TO 14  
HOURS OF  
POWER PER  
CHARGE**

# Extensive Battery Metrics

PowerPrecision+ provides insight and visibility into battery performance.

**Easily identify,  
remove and replace  
aging batteries  
before they impact  
productivity**

MC3300

**Android, Ready for Business**

# Android Certified

## FOR SECURITY PEACE OF MIND

**Ensures...**

Compliance with  
Android security  
and permissions  
through hundreds  
of tests

Installation of a  
suite of security  
features

Most recent  
security updates  
are installed

There is no pre-  
installed malware

**...and more**

# Mobility DNA — only from Zebra

## The many extras that put the MC3300 in a class of its own

### WHAT IS MOBILITY DNA?

Mobility DNA is the industry's most comprehensive suite of mobility must-haves for Android mobile devices.

#### *You get...*

- Innovative business applications
- Effortless application development tools
- Robust administration utilities

### HOW WILL YOU BENEFIT?

- Reduce cycle times
- Maximize the ROI of your mobile deployment
- Minimize complexity and risk
- Streamline implementation and management

**Know More, Do More, Control More with Mobility DNA.**

## 17 Mobility DNA APPLICATIONS on every MC3300

With Mobility DNA, you get new features and capabilities that make the MC3300 the easiest mobile computer in its class to manage and integrate into your environment...and take worker productivity to a new level.

| BUSINESS TOOLS  | PRODUCTIVITY TOOLS   | DEVELOPMENT TOOLS  | MANAGEMENT TOOLS   |
|---|--|--|--|
|  Workforce Connect PTT Express<br> Workforce Connect PTT Pro<br> Workforce Connect Voice<br> SmartDEX |  All-Touch TE<br> Enterprise Keyboard<br> SimulScan<br> Swipe Assist<br> PowerPrecision+ |  EMDK Tool Kit<br> Enterprise Browser<br> Mobility Extensions (Mx) |  AppGallery<br> Device Diagnostics<br> Enterprise Home Screen<br> LifeGuard for Android<br> StageNow |

# Mobility DNA Business Tools

Give your workforce the real-time communications they need to streamline workflows and better serve your customers.

## **SmartDEX**

Provides powerful plug-and-play cable-free DEX communications via Zebra's wireless DX30.

## **Workforce Connect PTT Express**

Provides instant basic push-to-talk services inside the four walls between compatible devices via Wi-Fi networks.

## **Workforce Connect PTT Pro**

Easy-to-deploy subscription service that provides comprehensive push-to-talk services inside and outside the four walls between compatible devices. Also includes secure messaging, location services and two-way radio integration.

## **Workforce Connect Voice**

Enables the MC33 to function as a full featured mobile telephone with multi-line capability across Wi-Fi networks.

# Mobility DNA Productivity Tools

When you fuse Android's consumer-friendly interface with Mobility DNA's powerful productivity tools, everyday tasks are even easier, adoption of your new Zebra mobile devices is fast and training requirements are minimized, boosting workforce productivity to a new level.

## All-Touch TE

Automatically transform Terminal Emulation “green screens” into elegant, graphics based all-touch screens — without coding or modifying your host application.

## Enterprise Keyboard

This Android soft keypad provides the enterprise features required for fast and accurate entry of business data—including five different layouts, large easy-to-press keys, flexible keypress feedback methods, a customizable dictionary to enable autofill for your business terms and more.

## SimulScan

Capture and process multiple barcodes on a single label or information on forms — including checkboxes, text, signatures, barcodes and more — all with a single press of a button.

## Swipe Assist

Allows users to create and place a virtual data capture button on the screen of their MC33 touch computer.

## PowerPrecision+

Power premium high-capacity batteries built to improve safety and provide instant access to the wealth of battery metrics you need to ensure users start every shift with a full battery — and aging batteries that can no longer hold a full charge are easy to spot and replace.

# Mobility DNA Development Tools

Integrating Zebra mobile devices into your enterprise is easy. With Mobility DNA development tools, you can effortlessly create intuitive enterprise mobile apps that take full advantage of the features in Zebra's mobile computers.

## **EMDK for Android**

Graphical user interface development tool that allows you to develop apps for your MC33 in less time.

## **Enterprise Browser**

Build feature-rich web applications that integrate seamlessly with the features in the MC33 and its peripherals.

## **Mobility Extensions (Mx)**

Adds a layer of optional features that make Android a more robust enterprise-class operating system.

# Mobility DNA Management Tools

Maximize control over your Zebra mobile computers for faster and more secure, problem-free deployment.

## AppGallery

Easily find, purchase, deploy and update apps for your MC33 and other Zebra Android mobile computers.

## Device Diagnostics

Easily test major device systems with the press of one button to reveal issues that can be resolved on the spot — from restoring a lost wireless connection to rebooting to free up memory — preventing needless, costly trips to the service depot.

## Enterprise Home Screen

Easily control the way your workforce uses your mobile computers —define which applications and features are available to users.

## LifeGuard for Android

Software security solution that extends the lifecycle of Zebra Android enterprise mobile computers by providing direct support for your version of Android — even after a version has been retired by Google.

## StageNow

Simple wizard-driven tool that makes it easy to stage a handful or hundreds of MC33 devices and peripherals with a quick scan of a barcode or tap on an NFC tag.

## Unsurpassed Security with Zebra's Mobility Extensions (Mx)

Mx is pre-installed on  
every MC33 device and is simple to  
deploy, allowing you to easily create  
the most secure, purpose-built,  
enterprise class Android device.

### With Mx and Android, you can...

Prevent  
unauthorized users  
from accessing  
the device

Prevent the  
installation and  
opening of  
unauthorized apps

Actively detect  
vulnerabilities and  
automatically  
execute the right  
corrective action to  
help prevent data  
leaks and more

Prevent  
configuration errors  
that can take the  
device offline and  
erode worker  
productivity

Better manage  
Wi-Fi controls  
to improve the  
reliability and  
security of the  
Wi-Fi connection

# 10-YEAR SUPPORT

## Unmatched Support for your MC33 – and Android

Zebra offers an unprecedented commitment of security support for your device...

Available for sale for 5 years from the day the MC33 is launched, with a total of 10 years of available service and support. The same model you buy today will be available for new staff.

LifeGuard™ for Android™: Zebra's software security solution extends the lifecycle of Android enterprise mobile computers with OS security updates for 2 years beyond End of Sale (*requires valid service contract*).

OS Upgrade Support available with a valid service contract, putting you in charge of when and if you upgrade your OS.

## THE RESULT?

A superior lifecycle. A superior return on investment. A superior value.

# MC3300

**Backwards accessory compatibility, plus new advanced MC3300 accessories**

# Re-use Your Existing MC3XXX Accessories

Cost effective upgrade option through backwards compatibility

MC32 Batteries\*

MC32 2.5mm Headset  
Adapter Cable w/QD

MC32 Soft Holsters  
(Gun, Brick/Turret)

Backwards compatibility  
MC3X Single & Four Slot  
Cradle **via adapter** (charge  
only, no communication)

Adapter Cup

## BENEFITS

- Minimize transition cost
- Maintain consistency across operation

\*The MC33 PowerPrecision+ batteries cannot be charged standalone using MC32 accessories. They must be charged in a MC33 mobile computer.

# New MC3300 Accessories

Purpose-built enterprise accessories for easy device management and expanded flexibility

## Multiple Charging Options

Single slot cradle  
Multi-slot cradle  
Rugged cable chargers

## ShareCradle

Backroom management is easier than ever:  
The same charging cradle accommodates MC33 devices, batteries and other Zebra mobile devices.

## Multi-Slot Battery Charger

4-slot or 20 slot battery chargers  
Charges both MC33 and MC32 batteries

## Other Accessories

## BENEFITS

- Faster charging
- More backroom flexibility and space efficiency
- Additional functionality, including advanced state of charge and state of health

The background features a close-up, slightly blurred image of several Zebra handheld devices. The devices are dark-colored with a prominent Zebra logo and the word 'ZEBRA' in white. The screens of the devices display a large digital clock showing '10:00' and the date 'Tue, November, 21'. A semi-transparent dark grey horizontal band spans the middle of the image, containing the title text. A thin yellow rectangular border highlights the left side of the central text area.

# **Vertical** Markets

# **The MC3300 in Retail**

**Associates and managers  
can use the MC3300 in the  
front and back of store.**

**Backroom / Warehouse Management**

**Price Verification / Updates**

**Store Receiving**

**Picking and Putaway**

**Inventory Management**

**In-store Communications**

**Voice-directed Applications**

# **The MC3300 in Warehousing and Distribution**

**Warehouse workers and managers can streamline processes to improve throughput, workforce productivity and overall operational efficiency.**

**Warehouse Management**

**Picking and Putaway**

**Returns Processing**

**Voice-directed Applications**

**EDI Transactions**

**Yard Management**

# The MC3300 in Manufacturing

In manufacturing plants, the MC3300 can help error proof and streamline everyday processes, reducing production cycle times, protecting quality and preventing unplanned production line downtime.

Inventory Management

Supply-line Replenishment

Safety Testing

Parts Tracking

Returns Processing

The background features several Zebra handheld devices, possibly rugged smartphones or PDAs, arranged in a layered fashion. The devices are dark-colored, and the Zebra logo is visible on their frames. A semi-transparent dark grey horizontal band spans the middle of the image, containing the text 'Global Services'. A thin yellow rectangular border is positioned on the left side, partially overlapping the devices and the dark band. The overall lighting is dim, emphasizing the devices and the central text.

# **Global** Services

# Zebra OneCare™ Support Services

**COVERAGE  
FROM DAY ONE**

**Keep your MC3300 Zebra mobile computers operating at peak performance**

**Upgrade to the ultimate in post-deployment support with multi-year coverage from day one**

Tiered service plans to meet your support needs and budget

Normal wear and tear plus accidental breakage repair coverage with OneCare Essential and Select

Includes telephone and software support

Upgrade to Select to add next-business-day dispatch of replacement devices, 24/7 Level One support and more

## **BENEFITS**

Maximize device uptime

Unparalleled “from the manufacturer” expertise

Outstanding value – eliminates unexpected repair costs

Enables IT to focus on more strategic initiatives

# Optional Zebra Visibility Services

Do you know where your MC3300s are...and their state of health? With Zebra's Visibility Services, you will.

## ANSWER CRITICAL DEVICE QUESTIONS LIKE:

- Where are my devices?
- Are they ready to use?
- How many devices are in the repair depot?
- Which devices are being under-utilized?
- Are any devices missing?
- How many devices are out of contact?
- Do my devices have healthy batteries?
- How much battery power is left?
- Are there problems with wireless connectivity?
- ...and much more.

**Visibility Services are available with a Zebra OneCare Support agreement**

**Asset Visibility Service (AVS):** At-a-glance insight into device quantity, location and health *(no MDM required)*

**Operational Visibility Service (OVS):** In conjunction with an MDM tool, OVS provides deep operational insight into the identification, location and condition of your mobile devices.

The background of the slide features a dark, high-contrast image of several Zebra mobile devices, likely rugged smartphones or tablets, arranged in a slightly overlapping manner. The Zebra logo is visible on the top bezels of the devices. The screens of the devices show a digital clock displaying '10:00' and the date 'Tue, November, 21'.

# Why choose Zebra as your mobility partner

# Get the most out of Android — from the leader in Android in the enterprise

- Leads the way in making Android suitable for enterprise use
- Added important enterprise security, device management, application management and data capture features
- No other vendor offers such a comprehensive ecosystem of software to support Android in the enterprise

Only Zebra offers a deep understanding of software and industry needs

## World's most comprehensive portfolio of Android devices for the warehouse

Drive growth with a smarter warehouse – benefit from a shared OS, management and mobility platform across multiple device types in the warehouse and supply chain

### **MC3200 and MC3300**

Three lightweight models – brick, gun and turret – bring all day comfort to every task, from cycle counting to putaway, replenishment and voice-directed picking

### **MC9200**

The gold standard mobility for demanding warehouse environments. A proven rugged design with a mix of touch screen and physical buttons

### **TC8000**

An innovative touch screen design and extensive productivity-enhancing features add an extra hour of productivity per worker to the workday

### **WT6000**

Sets a new standard for enterprise-class wearability. It's smaller and lighter than other wearables on the market and fits comfortably on every worker, on any size arm

### **VC80x**

With its super rugged design, the VC80x can go everywhere your vehicle operators need to go — inside the warehouse, out in the yard, on the loading dock and even in the freezer

# Positioning

# Understanding the Tiers: Feature Differences

The following chart will help you understand the feature differences between the three tiers: Standard, Premium and Premium+

| THREE MC3300 TIERS: FEATURE DIFFERENCES |            |   |     |   |   |  |  |
|---|------------|---|-----|---|---|--|--|
|   | Memory     | Scanner Options                           | NFC | Value-added Sensors: Gyro and Accelerometer | Audio Jack (not available on pistol grip) | Extended Range Imager (not available on Turret models) | Back Camera (not available on pistol grip) |
| STANDARD                                | 2 GB/16 GB | 1D: SE965<br>2D: SE7450                   |     |   |   |  |  |
| PREMIUM                                 | 4 GB/16 GB | 1D: SE965<br>2D: SE7450<br>2D ERI: SE4850 | ●   | ●   | ●   | ●  |  |
| PREMIUM PLUS                            | 4 GB/32 GB | 1D: SE965<br>2D: SE7450<br>2D ERI: SE4850 | ●   | ●   | ●   | ●  | ●  |

# Understanding the Tiers: Matching Tiers to Target Customer Profile

The following chart will help you determine when to sell each of the three model tiers: Standard, Premium and Premium+.

| WHEN TO LEAD WITH ...  |  |   |
|--|--|---|
| STANDARD   | PREMIUM  | PREMIUM+  |
| <b>Lead with Standard for:</b> <ul style="list-style-type: none"><li>• Green Field new customers who have never purchased any MC3000 series devices</li><li>• Customers with older MC3000 Series devices for upgrade opportunities</li><li>• Budget-minded customers</li><li>• Customers looking for an alternative to Microsoft</li><li>• Existing installed base customers who are happy with a keyed but want to increase worker productivity (faster processor, 802.11ac)</li><li>• Customers planning to port but not change existing applications (i.e. no need to move to thicker applications)</li></ul> | <b>Lead with Premium for:</b> <ul style="list-style-type: none"><li>• Green Field new customers or older MC3000 Series replacement opportunities</li><li>• Customers looking for an alternative to Microsoft</li><li>• Existing installed base customers who plan on updating or migrating to thicker applications that require additional memory and/or more device level information</li><li>• Customers who want the peace of mind of knowing that their platform is ready for the future</li></ul> | <b>Lead with Premium+ for:</b> <ul style="list-style-type: none"><li>• Green Field new customers or older MC3000 Series replacement opportunities</li><li>• Customers looking for an alternative to Microsoft</li><li>• Customers who have a need for capturing images via camera</li><li>• Customers who want the peace of mind of knowing that their platform is ready for the future</li></ul> |

# What's New: MC3300 vs. MC3200

The following chart highlights the many new and improved features in the MC3000.

|                            | MC3200 Series   | MC3300  | Why your Customer cares  |
|----------------------------|---|---|--|
| GENERAL CHARACTERISTICS    |   |   |  |
| Display                    | 3 in.   | 4 in.   | Larger screen allows for more information to be displayed. This along with a physical keypad ensures that every inch of the display is available to the application.   |
| Processor                  | Standard: 800 MHz or Premium: 1 GHz                             | Standard: 1.8 GHz   | Upgraded processing power and memory enable better application performance, which speeds cycle times — and worker productivity.  |
| Memory                     | Standard: 512 MB RAM/2 GB Flash<br>Premium: 1 GB RAM/4 GB Flash | Standard: 2 GB RAM/16 GB Flash<br>Premium: 4 GB RAM/16GB Flash<br>Premium+: 4 GB RAM/32GB Flash   |  |
| Operating System           | Android 4.1.1 CE7   | Android N (AOSP)<br>GMS (select configurations)   | Provides control and flexibility with application development with a modern OS.  |
| Industrial Design Features | Single-sided scan button  | <ul style="list-style-type: none"> <li>• Easier to use battery door latch design</li> <li>• Programmable button next to scan keys<br/>Ambidextrous Scanning Buttons</li> <li>• New 45 degree brick form factor</li> </ul> | Improved Industrial Design makes the MC3300 even easier to use; provides additional versatility and functionality.   |
| Battery                    | 2740 mAh<br>5200 mAh<br>PowerPrecision                          | 2740 mAh<br>5200 mAh<br>Fast charging support<br>PowerPrecision+  | The MC3300 features the same battery capacity as the MC3200; however, the addition of fast charging support provides 0 to 90% charge in 2.5 hours in the cradle. And the PowerPrecision+ battery offers the ultimate in battery data, including a State-of-Health meter. |
| Mobility DNA Solutions     | 2 Mobility DNA apps supported:<br>PowerPrecision, Mx            | 17 Mobility DNA apps supported, including: Workforce Connect Voice/PTT, LifeGuard for Android, StageNow, Swipe Assist, AppGallery, SimulScan, Mobility Extensions (Mx) and much more                                      | Mobility DNA's software ecosystem provides Zebra's leading enterprise productivity and administration tools — including multiple apps that are pre-loaded and/or pre-licensed.   |

## What's New: MC3300 vs. MC3200 (continued)

|                      | MC3200 Series                                   | MC3300   | Why your Customer cares  |
|----------------------|---|--|--|
| RUGGED DESIGN        |   |  |  |
| Drop Specification   | 4 ft.   | 5 ft.  | Upgraded ruggedness increases the durability of the MC3300, adding even more protection against accidental drops, protecting uptime.                                     |
| Tumble Specification | 500 x 0.5 meter                                 | Tumble: 1,000 x 1 meter  |  |
| CONNECTIVITY         |   |  |  |
| WLAN                 | 802.11a/b/g/k/i/n/r                             | 802.11a/b/g/n/ac/d/h/i/k/r/w                                       | Supports 802.11ac for the fastest possible Wi-Fi speeds, delivering dependable application performance — fast screen draws, fast data input and quality Voice-over-WLAN. |
| Bluetooth            | V2.1 + EDR with a software upgrade path to V3.0 | V4.0 + EDR w/ Bluetooth Low Energy (BLE)                           | Provides faster and easier pairing, better device security and reduced power consumption.  |
| DATA CAPTURE         |   |  |  |
| Scanner Options      | 1D — SE965<br>2D — SE4750                       | 1D — SE965<br>2D — SE4750<br>2D Long Range — SE4850                | Provides a faster time to decode, including an increased range with the addition of SE4850 all range imager.   |
| Camera               | N/A   | Brick style devices select configuration.<br>Not available on Gun. | Provide proof of condition on the spot using a single device.  |
